To the Alaska Public Offices Commission:

I wish to file a complaint against the campaign "Big Marijuana. Big Mistake. Vote No on 2." The details of this complaint can be found on the following pages, but at its core, this is a complaint that alleges a violation and (possibly willful) deception of the public trust.

Should APOC's investigation confirm Northwest Strategies' repeated public assertions that its work on the respondent's behalf is being donated to the respondent, we anticipate APOC will:

- 1) Issue a significant fine upon the respondent and/or Northwest Strategies that acknowledges their abject failure to properly disclose the massive value of these in-kind labor contributions; and
- 2) take into consideration that Northwest Strategies is an entity that purports to provide professional political consulting and strategic services, and therefore should be held to the highest standards of accountability and disclosure; and
- 3) ask that their financial disclosure reports be fully corrected and properly detailed. This should include detailed accounts of donated services, including the name of the Northwest Strategies staff member, specific hours, detail of activity, and a monetary value attached to those hours; and
- 4) any other remedial actions that are necessary to protect the public interest in transparent elections.

Please find attached to this letter the required elements of filing this complaint (2 AAC 50.870). Thank you and please call me on my cell phone if you have any questions. I can be reached at (907) 947-4535.
