Independent Auditor's Report

Board of Directors
Alaska Public Telecommunications, Inc.
Anchorage, Alaska

Report on the Financial Statements

We have audited the accompanying financial statements of Alaska Public Telecommunications, Inc. (the Corporation) which comprise the statements of financial position as of June 30, 2015 and 2014, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Alaska Public Telecommunications, Inc. as of June 30, 2015 and 2014, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying Schedule of State Financial Assistance, as required by the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*, and the supplementary information on pages 18 and 19, are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 4, 2016 on our consideration of the Corporation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Corporation's internal control over financial reporting and compliance.

Alaska Public Telecommunications, Inc.

Notes to Financial Statements Years Ended June 30, 2015 and 2014

1. Organization and Summary of Significant Accounting Policies

Organization

Alaska Public Telecommunications, Inc. (the Corporation) is a nonprofit corporation organized to provide educational television and radio broadcasting in the State of Alaska. The Corporation is licensed to operate television station KAKM, channel 7, and radio station KSKA, FM 91.1 in Anchorage, Alaska. The Corporation also operates the Alaska Public Radio Network (APRN) which provides Alaska news programming to all of the public radio stations in the state.

Basis of Accounting

The financial statements of the Corporation have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities.

Basis of Presentation

The Corporation has implemented the financial statement presentation requirements of the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) Topic 958, *Financial Statements of Not-for-Profit Organizations*. Under ASC 958, the Corporation is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Estimates and Assumptions

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

For purposes of the statements of cash flows, management considers all highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Accounts and Pledges Receivable

Receivables are stated at the amount management expects to collect from balances outstanding. Management closely monitors outstanding balances throughout the year, and writes off all balances that are considered uncollectible.

Investments

Investments in marketable securities with readily determinable fair values are reported at fair value based on quoted market prices for identical securities in active markets. Investment income or loss (including gains and losses on investments, interest and dividends) is included in the statements of activities as an increase or decrease in unrestricted net assets unless the income or loss is restricted by donor or law.

Alaska Public Telecommunications, Inc.

Notes to Financial Statements

Fair Value Measurements

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Accounting standards set a framework for measuring fair value using a three-tier hierarchy based on the extent to which inputs used in measuring fair value are observable in the market.

- Level 1: Quoted prices in active markets for identical assets or liabilities.
- Level 2: Observable inputs other than Level 1 prices such as quoted prices for similar assets or liabilities, quoted prices in markets that are not active, or inputs (interest rates, currency exchange rates, commodity rates and yield curves) that are observable or corroborated by observable market data for substantially the full term of the assets or liabilities.
- Level 3: Inputs that are not observable in the market and reflect management's judgment about the assumptions that market participants would use in pricing the asset or liability.

Property and Equipment

Fixed assets are recorded at cost or, in the case of donated property, at their estimated fair value as of the date of receipt. Depreciation is calculated by the straight-line method over the estimated useful lives of the assets, which range from three to thirty-two years.

Property acquired under capital leases is capitalized at the net present value of the lease including any bargain purchase option. Assets are amortized over the life of similar purchased assets.

Property purchased with certain grant funds will revert to the funding agency if the Corporation is dissolved or the property is declared a surplus. Proceeds for the sale of assets originally purchased with state or federal grant funds may be required to be returned to the granting agency.

Public Support and Revenue Recognition

Grant and service contract revenues are recognized in proportion to the extent of authorized costs incurred. Grant and service contract awards in excess of recognized revenues are reflected as deferred revenue in the statement of financial position.

Contributions, including pledges, from the general public are recognized as public support when received. All contributions are considered to be available for unrestricted use unless specifically restricted by the donor.

Contributions that are designated for future periods or restricted by the donor for specific purposes are reported as temporarily or only restricted contributions based on the nature of the restriction. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Alaska Public Telecommunications, Inc.

Notes to Financial Statements

In-kind Contributions

In-kind contributions consist of donated materials and services recorded as revenue and expense at their estimated fair market value when received.

Advertising Costs

Advertising costs are expensed as incurred.

Income Taxes

The Corporation is recognized as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code and, except for taxes pertaining to unrelated business income, is exempt from federal and state income taxes. The Corporation has analyzed its tax positions taken for filings with the Internal Revenue Service. It believes that its tax filing positions will be sustained upon examination and does not anticipate any adjustments that would result in a material adverse effect on its financial condition, results of operations, or cash flows. The Corporation's federal and state income tax returns for fiscal years ended 2012, 2013 and 2014 are subject to examination by federal, state and local taxing authorities, generally for three years after they are filed.

Subsequent Events

The Corporation has evaluated subsequent events through January 4, 2016, the date on which the financial statements were available to be issued.

2. Concentration of Credit Risk

Financial instruments that potentially subject the Corporation to concentrations of credit risk consist of bank balances that at times exceed federally insured limits. At June 30, 2015 and 2014, the Corporation's uninsured cash balances totaled approximately \$891,325 and \$882,790, respectively. Management believes it is not exposed to any significant credit risk on its balances.

3. Accounts Receivable

At June 30, 2015 and 2014, accounts receivable consist of the following:

	2015	2014
Sponsorships (underwriting)	\$ 135,015	\$ 201,162
Contributions (pledges)	8,346	15,260
	143,361	216,422
Less allowance for doubtful accounts	(3,403)	(2,583)
Accounts and pledges receivable, net	139,958	213,839
Receivable from member networks - long term	46,327	60,903
Accounts Receivable	\$ 186,285	\$ 274,742

The pledged contributions are due within one year.

Alaska Public Telecommunications, Inc.

Notes to Financial Statements

4. Investments

Investments consist of the following at June 30, 2015 and 2014:

<i>June 30, 2015</i>	Cost	Unrealized Gains	Fair Value
Investments at fair value:			
Money market funds	\$ 68,329	\$ -	\$ 68,329
Exchange-traded funds	996,368	72,878	1,069,246
Total Investments	\$ 1,064,697	\$ 72,878	\$ 1,137,575

<i>June 30, 2014</i>	Cost	Unrealized Gains	Fair Value
Investments at fair value:			
Money market funds	\$ 65,965	\$ -	\$ 65,965
Exchange-traded funds	979,699	87,050	1,066,749
Total Investments	\$ 1,045,664	\$ 87,050	\$ 1,132,714

The fair value of the money market and exchange traded funds is based on quoted market prices in active markets (Level 1 inputs).

The investments (all level 1 measurements) are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investments, it is at least reasonably possible that changes in the values of the investments will occur in the near term and that such changes could materially affect the amounts reported in the statement of financial position.

Gains on investment are comprised of the following at June 30:

<i>June 30,</i>	2015	2014
Interest and dividends	\$ 20,282	\$ 20,464
Realized gains	6,715	14,714
Change in unrealized gains (losses)	(8,583)	87,748
Management fees	(6,838)	(5,368)
Gains on Investment	\$ 11,576	\$ 117,558

Alaska Public Telecommunications, Inc.

Notes to Financial Statements

5. Beneficial Interest in APTI Designated Endowment Fund

The Corporation established a board designated endowment fund with the Alaska Community Foundation (Foundation) known as the APTI Designated Endowment Fund (the Fund). The assets of the Fund are held and owned by the Foundation in its corporate capacity and are not deemed to be held by the Foundation as trustee of a separate trust for the Fund. The assets of the Fund may be co-mingled with other Foundation property for investment purposes. The Foundation shall distribute not less than annually an appropriate percentage of the fair market value of the unrestricted portion of the Fund to the Corporation to be used as the Corporation's Board of Directors deem necessary.

Upon written request, the Corporation's Board of Directors can indicate that it deems it in the best interest of the Corporation to distribute the Fund in total to the Corporation. Such a request will be subject to any restrictions placed on the gifted assets in the Fund as described in the advice of instruction documents from the contributors.

Investments are stated at fair value and realized and unrealized gains and losses are recorded in the statements of activities. The balance of the Endowment Fund was \$67,039 and \$68,616 at June 30, 2015 and 2014, respectively.

6. Investment in Transmission Facilities

Investment in Transmission Tower

The Corporation is the managing partner and has an ownership interest (34%) in Goose Bay Joint Venture, a partnership formed for operating and maintaining a transmission tower.

Investment in Anchorage Broadcast Television Consortium, Inc. (ABTC)

The Corporation purchased 5,000 shares of stock in a corporation formed for the purpose of purchasing, maintaining, and operating antennas and related equipment in order to transmit and provide television broadcast services to the Kenai and Soldotna communities. The investment recorded at cost was \$10,294 at June 30, 2015 and 2014, respectively. The Corporation paid user fees of \$24,184 to ABTC during the years ended June 30, 2015 and 2014, respectively.

The following details the investment activity:

<i>Year Ended June 30, 2015</i>	Goose Bay Joint Venture	ABTC	Total
Carrying value of investment, July 1, 2014	\$ 239,332	\$ 10,294	\$ 249,626
Investment in transmission facilities	56,367	-	56,367
Loss on investment in transmission facilities	(29,305)	-	(29,305)
Total Investment In Transmission Facilities	\$ 266,394	\$ 10,294	\$ 276,688

Alaska Public Telecommunications, Inc.

Notes to Financial Statements

<i>Year Ended June 30, 2014</i>	Goose Bay Joint Venture	ABTC	Total
Carrying value of investment, July 1, 2013	\$ 225,367	\$ 10,294	\$ 235,661
Investment in transmission facilities	39,103	-	39,103
Loss on investment in transmission facilities	(25,138)	-	(25,138)
Total Investment In Transmission Facilities	\$ 239,332	\$ 10,294	\$ 249,626

7. Property and Equipment

At June 30, 2015 and 2014, property and equipment consist of the following:

	2015	2014
Building	\$ 5,447,101	\$ 5,440,101
Equipment	4,998,770	5,087,207
Furniture and fixtures	132,893	138,206
Land	15,716	15,716
	10,594,480	10,681,230
Less accumulated depreciation	(8,148,346)	(7,877,531)
Total Property And Equipment, Net	\$ 2,446,134	\$ 2,803,699

For the years ended June 30, 2015 and 2014, depreciation expense was \$468,236 and \$481,647, respectively.

8. Deferred Revenue

At June 30, 2015 and 2014, deferred revenue consists of the following:

	2015	2014
Sponsorships	\$ 131,629	\$ 219,136
Grants	50,935	43,569
Other	55,731	60,481
Total Deferred Revenue	\$ 238,295	\$ 323,186

9. Line of Credit

As of June 30, 2015 and 2014, the Corporation has an available line of credit with the financial institution in the amount of \$370,000. As of June 30, 2015 and 2014, there was no outstanding balance on this line of credit. Additionally, the Corporation made no withdrawals during the year.

Alaska Public Telecommunications, Inc.

Notes to Financial Statements

10. Long-Term Debt

The Corporation has an unsecured note payable to Alaska Industrial Development and Export Authority (AIDEA). The note balance is due in annual installments of \$139,464, including interest at 4.2% and is due on February 8, 2015. Current portion of long-term debt represents principal payments expected to be made during the subsequent year. The note was paid in full as of June 30, 2015.

11. Operating Lease Commitments

Headquarters

The Corporation is obligated under a long-term land lease for the site of its headquarters building. Lease payments are based upon the fair market value of the land. Currently, this land has a minimum annual rent payment of \$37,244.

Goose Bay Tower Site

The Corporation also leases the tower site at Goose Bay from the University of Alaska. That lease terminates on December 31, 2037. The lease commitments per year are as follows:

Year Ending June 30,

2016	\$ 30,000
2017	30,000
2018	30,000
2019	30,000
2020	30,000
Thereafter	615,000
	<hr/>
	\$ 765,000

The Corporation had sublease revenue of \$89,167 and \$63,099 during June 30, 2015 and 2014, respectively.

Rental expense under all operating leases was \$82,620 and \$100,820 for the years ended June 30, 2015 and 2014, respectively.

12. Pension Plan

The Corporation participates in a defined contribution pension plan. At the discretion of the Board of Directors, the Corporation may make contributions to the plan. Contributions are based on a percentage of the employee's annual salary. Contributions for the years ended June 30, 2015 and 2014 were \$45,750 and \$46,416, respectively.

Alaska Public Telecommunications, Inc.

Notes to Financial Statements

13. Services and Programming Agreement

Effective July 1, 2012, the Corporation signed an agreement with Capital Community Broadcasting, Inc. (KTOO) and Bethel Broadcasting, Inc. (KYUK), collectively "the Parties", to work together for the purpose of unifying public television in Alaska. The Corporation will provide certain master control, operational, fundraising and back-office services to the Parties. The costs of these services are to be shared by all the Parties based on an annual budget.

14. Commitments and Contingencies

Expenses pursuant to grants are subject to audits by governmental agencies or their representatives. Amounts reflected in the financial statements and expenses in prior periods have generally not been audited by the grantor agencies. Accordingly, adjustments of amounts received under grants could result if the grants are audited by such agencies.

Management believes that no significant liability will result from the foregoing matter and, accordingly, no liability for amounts, if any, that may be payable has been recorded in the accompanying financial statements.

In the event that the Goose Bay Joint Venture partnership were to cease operations, the Corporation could be liable for certain liabilities and expenses belonging to the partnership at that time.

Note 1. Basis of Presentation

The accompanying schedule of state financial assistance (the "Schedule") includes the state grant activity of Alaska Public Telecommunications, Inc. under programs of the state government for the year ended June 30, 2015. The information in this Schedule is presented in accordance with the requirements of the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Because the Schedule presents only a selected portion of the operations of Alaska Public Telecommunications, Inc., it is not intended to and does not present the financial position, changes in net assets or cash flows of Alaska Public Telecommunications, Inc.

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Directors
Alaska Public Telecommunications, Inc.
Anchorage, Alaska

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Alaska Public Telecommunications, Inc., which comprise the statement of financial position as of June 30, 2015, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated January 4, 2016.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Alaska Public Telecommunications, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Alaska Public Telecommunications, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of Alaska Public Telecommunications, Inc.'s internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Alaska Public Telecommunications, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditor's Report on Compliance for Each Major State Program and Report on Internal Control over Compliance Required by the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*

Board of Directors
Alaska Public Telecommunications, Inc.
Anchorage, Alaska

Report on Compliance for Each Major State Program

We have audited Alaska Public Telecommunications, Inc.'s compliance with the types of compliance requirements described in the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits* that could have a direct and material effect on each of Alaska Public Telecommunications, Inc.'s major state programs for the year ended June 30, 2015. Alaska Public Telecommunications, Inc.'s major state programs are identified in the accompanying Schedule of State Financial Assistance.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Alaska Public Telecommunications, Inc.'s major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Those standards and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about Alaska Public Telecommunications, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major state program. However our audit does not provide a legal determination of Alaska Public Telecommunications, Inc.'s compliance.

Opinion on Each Major State Program

In our opinion, Alaska Public Telecommunications, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major state programs for the year ended June 30, 2015.

Report on Internal Control over Compliance

Management of Alaska Public Telecommunications, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Alaska Public Telecommunications, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Alaska Public Telecommunications, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Accordingly, this report is not suitable for any other purpose.
