ESTABLISH A CULTURE OF MANAGEMENT EXCELLENCE: Provide effective, efficient, performance-driven, and transparent foreign policy operations.

INL Resource Growth Comparison (FY 98-11)

INL funding has increased ten times its size since FY '98 to its FY '10 level of \$3.29 billion in order to meet the growing demand for INL programs in war zones, post-conflict & emerging democracies; by comparison the INL annual workforce level has increased at a much lower rate.

THE NEXT FIVE YEARS:

AFG and IRAQ have hit their 'high water' marks: We need to work together now to get to the 'endgame' smoothly ... and to leave a stabilized situation behind.

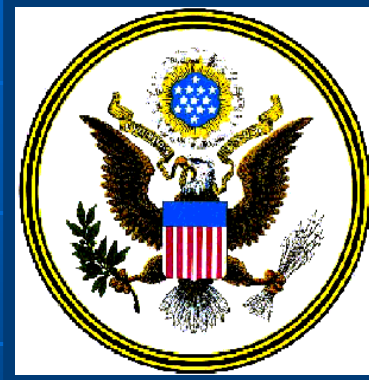

More focus on the HOME FRONT – Mexico, CENTAM, CARIBBEAN and sea, air, land approaches into the US.

More and more blending of CN, CT, and CI in our approaches to a more and more closely integrated threat.

Think more regionally, build more partnerships. Be more willing to compromise when and where we must to get the job done overseas with fewer US funds and assets directly involved.

More US LEA players overseas.
